Deadline May 18, 2022

2022 LEADERSHIP ACADEMY

Jersey County, IL

SUMMARY

Jersey County Leadership In Action is a 7-month program designed to assist each participant in acquiring a broader understanding of the issues facing Jersey County and in building relationships to facilitate collaborative efforts to resolve the challenges of today and tomorrow. A different topic will be covered each month providing unfiltered perspectives, first hand, from local, regional and state recognized experts about their experiences in political, social, cultural, and economic facets of the area.

Each topic will touch on the past, present, and future of Jersey County as it relates to the monthly subject matter. Each session will provide time for questions and engage class members in a group dialogue that probes all aspects of the issues presented.

This course will stimulate participant awareness of the Jersey County area, its challenges, and opportunities by examining systems and the interrelationships that contribute to patterns of life in the county.

TUITION

Tuition for Jersey County Leadership In Action is **\$400**. This may be paid by the participant, a sponsoring employer, or any combination thereof (to be arranged by the applicant). The fee includes all materials and meals.
